Jenny, guess what? I did it, I got my Jeep, I leased a new Compass from Willie Racine's Jeep

Great, what color?

It's a really sweet blue with a black interior!

And a sunroof?

Of course and safety features and leather seats.

They just look so cool, you know they're elegant and yet inside they're still jeeps!

Brad just went to get his new Wrangler with his military discount, That's awesome, he deserves it. Is he getting a soft top?

Both Tops. He got one with a factory lift kit, big tires... you know boys with their toys! And Wranglers hold their value too, so he decided he's buying this one.

Brad: Hello Ladies,

(Both women): Hi Brad!

Check this out: Since the Factory lift kit didn't void the warranty, I bought the Lifetime Maximum Care Service Plan from MOPAR ...Now, I will never have a repair bill more than \$100! And...The whole process was simple, that was a pleasant surprise.

Shouldn't everybody get a jeep at Willie Racine's? (clinking glasses) cheers!

(ANNCR) **The Jeep Summer Clearance Event**

At Willie Racine's Jeep in South Burlington.
